

The background of the entire image is a composite of two night-time photographs. The upper portion shows a busy port with several large gantry cranes and stacks of colorful shipping containers. The lower portion shows a vast parking lot filled with hundreds of cars, likely at an airport or port terminal. A large, semi-transparent blue arrow graphic points from the bottom left towards the center of the image.

# POSSIBILITIES IN EVERY DIRECTION

AN INTEGRATED LOGISTICS  
PROVIDER, 3PL PARTNER AND  
SUPPLY CHAIN EXPERT.

## CORPORATE PROFILE

---

Gallega Global Logistics is an integrated logistics partner that draws on years of experience in creating seamless supply chains for automotive and retail businesses.

Gallega is part of the Ghassan Aboud Group, a conglomerate founded in 1994 by the visionary entrepreneur Ghassan Aboud. We have been serving the Group's operating companies with integrated logistics solutions and supply chain engineering for over a decade. During this time, our teams have forged a portfolio of results, experience and insight into supply chain management that sets us apart in the market.

Today, Gallega is proud to bring its expertise and resources to external partners. Our logistics and supply chain expertise helps businesses reduce cost, improve agility and gain an edge in competitive market. Our facilities in the KIZAD and JAFZA free zones in Abu Dhabi and Dubai respectively deliver the yard space, warehousing and access to transport modalities.

## VISION >

To become a logistics provider unparalleled in its expertise, knowledge and ability; and to become the region's 3PL partner of choice that helps businesses unlock success.

## MISION >

To generate competitive advantage and business benefits for our clients through world-class logistics and supply chain management expertise.

## VALUES >

### WE VALUE PEOPLE:

People and partnerships help us move goods around the world, and are appreciated and respected.

### WE CREATE BENEFIT:

Our solutions are designed to unlock business value and cost savings for our clients, and help them succeed.

### WE CONNECT MARKETS:

We value the creation of new links between markets, geographies and businesses that bring new value in a globalised world.

### WE TAKE RESPONSIBILITY:

We deliver when and where we promise, and live up to our commitments.

An aerial, high-angle photograph of a construction site, heavily tinted with a dark blue color. Two workers wearing white hard hats and high-visibility vests are visible. One worker is holding a clipboard and looking down at it, while the other is standing nearby. They are surrounded by large stacks of construction materials, including long wooden planks and bundles of rebar or pipes. The overall scene is industrial and organized.

## OUR SERVICES

## CONTRACT LOGISTICS

---

Our teams merge traditional logistics with supply chain management processes to deliver turnkey client solutions that take goods from production to distribution at the final point of sale. We assist global clients with designing and planning supply chains, and facilitate complex operations that include warehousing, processing, distribution and managing inventory. We offer comprehensive support every step of the way so our clients can focus on their core business.

WE OFFER  
COMPREHENSIVE  
SUPPORT EVERY  
STEP OF  
THE WAY

## WAREHOUSE & DISTRIBUTION >

Our warehousing and distribution facilities in JAFZA and KIZAD offer extensive open yard and indoor space for effective storage. Our teams rely on a range of storage methods – from bulk stacking to shelving and binning – to create customised storage solutions. Our proximity to land, sea and air routes helps us develop agile distribution networks for all manners of goods, including fast moving retail inventory.

### VEHICLE STOCKYARD

Our vehicle stockyard facilities in KIZAD and JAFZA follow OEM standards and can collectively house 14,000 vehicles. With over 22 years of experience in managing automotive storage for reputed brands, Gallega delivers cost-effective and integrated automotive supply chain services.

### RETAIL WAREHOUSING

Our facilities deliver world-class warehousing and storage for retail and FMCG goods, with world-class quality and security standards minimising wastage and loss. We help retail operations of any size secure their supply chain and keep inventories running optimally.

### SPARE PARTS WAREHOUSING

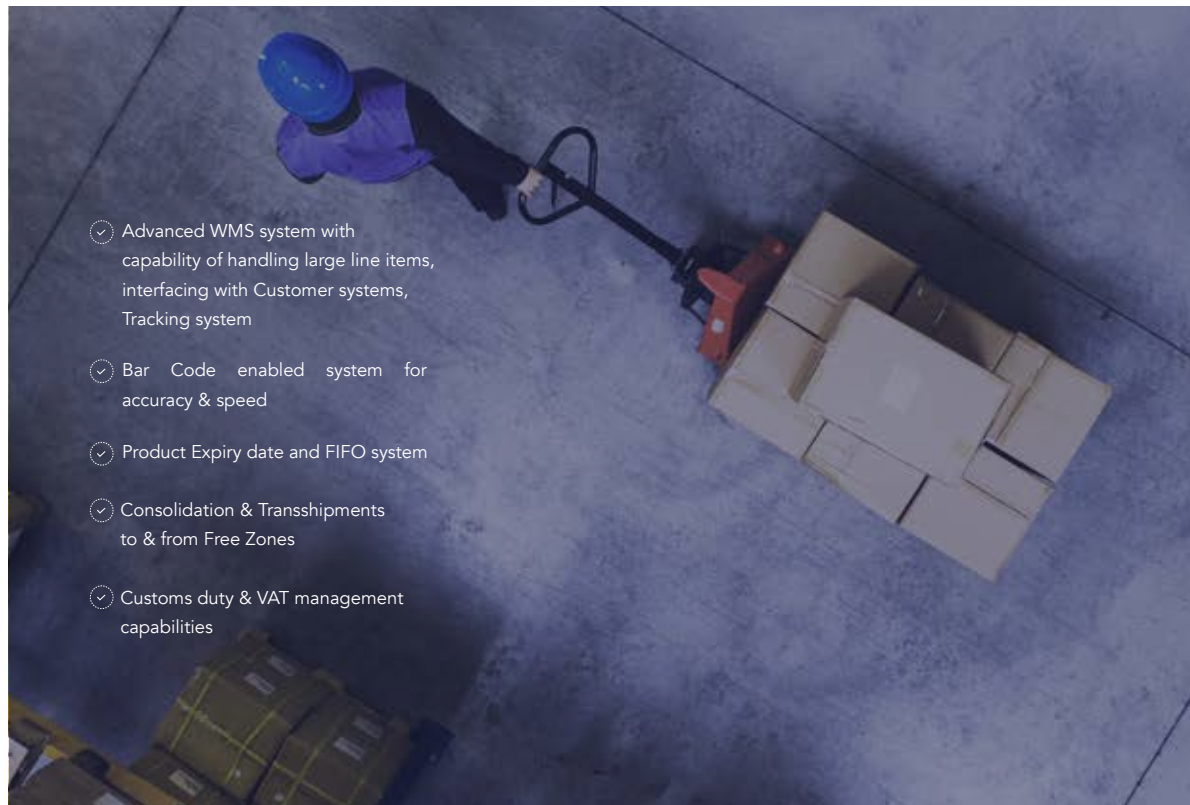

Our automobile spare parts facilities in JAFZA and KIZAD deliver custom-built warehouse solutions and distribution for manufacturers and resellers. Our end-to-end solutions ensure that parts for maintenance, upkeep and aftermarket solutions are made available to clients in time and with low overheads.

# FREIGHT FORWARDING

We act as forwarding agents for global brands, and rely on a dense network of transport partners to organise shipments and get goods from manufacturer to market. From FMCG products to automobiles and even the heavy machinery powering construction projects around the world, we facilitate the movement of a vast variety of goods. We also track shipments, arrange documentation and insurance, book cargo space and negotiate preferential rates for our clients.

## AIR FREIGHT

Gallega Global Logistics partners with the world's leading carriers to catalyse a far-reaching network of air links for time-sensitive cargo. Our air freight team specialises in dispatching cargo swiftly and efficiently by relying on consolidation. Gallega also offers a specialised customer brokerage team that facilitates cargo documentation and clearance at both arrival and departure airports.

## LAND FREIGHT

Our land freight team can deliver turnkey inland logistics for clients that include every element of the supply chain – from unloading and pickup to packing or repacking, transportation, delivery and documentation. Our access to a dense network of fleet providers and transport partners helps us craft specific solutions for your land transport needs.

## SEA FREIGHT

With hubs situated in port free zones, our proximity to the sea combines with the relationships we've built with reliable shipping partners and translates into turnkey sea freight solutions for our customers. Our sea freight solutions are designed around client needs and include:

### FULL CONTAINER LOAD (FCL)

Find the perfect solution for your cargo with our full container load services, which guarantee exclusivity and speed to any destination in the world. Save on consolidation delays and clear customs faster with dedicated full container loads for time-sensitive cargo.

### LESS THAN CONTAINER LOAD (LCL)

For times when you need to keep goods moving but don't have the volume to fill an entire container, Gallega's experts keep your supply chain ticking along with our less than container load services. Our team combines your shipment with others to deliver the best possible cost and maximum efficiency. Safety, space protection and timely delivery come as standard.

### ROLL ON- ROLL OFF (RORO)

Gallega offers clients full roll-on roll-off services for wheeled cargo such as automobiles, cars, trucks and railroad cars via a fleet of specialised ro-ro ships. We also co-ordinate cargo movement overland to create integrated logistics and supply chain solutions.

## LAND TRANSPORT (UAE & GCC)

Gallega relies on expert partners to create land transport solutions ranging from consolidation and complex cargo missions requiring multiple vehicles to door-to-door forwarding. Our land transport teams also handle security clearances and documentation for heavy gauge and sensitive cargo as needed.

## SUPPLY CHAIN SOLUTIONS

We help our clients navigate complex challenges and respond with agility to changing market needs. Our supply chain solutions help them balance inventories, create efficiencies, and increase profitability. At Gallega, our teams have been designing supply chains for years. Our expertise, and ability to deliver 4PL/LLL services, helps create the harmony, integration and dynamism common to all successful logistics operation. Regardless the size of your business, we can orchestrate your supply chain management functions from start to end by providing innovative and scalable solutions.

# INDUSTRY SOLUTIONS

# AUTOMOTIVE LOGISTICS

## FINISHED VEHICLES LOGISTICS

Our facilities in Abu Dhabi's KIZAD freezone and Dubai's JAFZA can store 12,000 vehicles, and are supplemented by facilities in Jordan and Belgium.

This network of linked hubs helps us deliver integrated logistics services that enable the automotive sector and help manufacturers and distributors better manage their supply chains.

## SPARE PARTS LOGISTICS

Gallega's automotive teams ensure that automotive spare parts reach their destinations rapidly and efficiently, irrespective of location. We act as liaison between OEMs and end customers, and derive cost and time savings for clients through a process of consolidation, inventory and import/export management.

- Inbound Logistic

## RETAIL LOGISTICS SUPERMARKET

We help retail clients win in competitive markets by giving them the edge in speed, reliability and responsiveness for their supply chains. Gallega's logistics experts have years of experience in assembling agile networks that keep costs low while making sure the right products get to shelves at exactly the right time.

## FACILITIES

Gallega's state of the art facilities deliver the technology, security, material handling and storage to facilitate global supply chains with complete traceability. Our teams in the UAE operate from two central hubs in Dubai's Jebel Ali Free Zone (JAFZA) and Abu Dhabi's KIZAD free zone, benefitting from a combination of connectivity, integration and storage capacity.

CCTV, round the clock security and backup generators come as standard to guarantee a tamper-proof environment, while advanced warehouse and inventory management systems deliver speed, efficiency and transparency.

# JEBEL ALI FREE ZONE (JAFZA) DUBAI

Gallega Global Logistics has therefore established its 3PL Logistics Hub in JAFZA Free Trade Zone which benefit to its customers due to close proximity to land, air and sea routes, with the free zone extending to the Jebel Ali Port in one direction and linking to Dubai's new Maktoum International Airport in the other. The facility hosts a warehouse and open car yard situated near the port to create smooth transitions between unloading to storage or transport options. The 16,000 sqm open yard acts as a buffer for finished automotive and project assets, while the 12,000 sqm warehouse delivers 5,500 pallets of storage for FMCG goods, car parts and a variety of other goods. Our storage teams can offer clients a range of storage methods to fit their needs, including racking, bins, shelving and bulk stacking.

- As the business capital of the Middle East, Dubai is an international business hub with a wide range of opportunities for different activities and operations. Jafza is one of the most competitive locations to establish business and grow since Jafza's product offerings ensure that you will find the right set-up for your needs.

FACILITIES

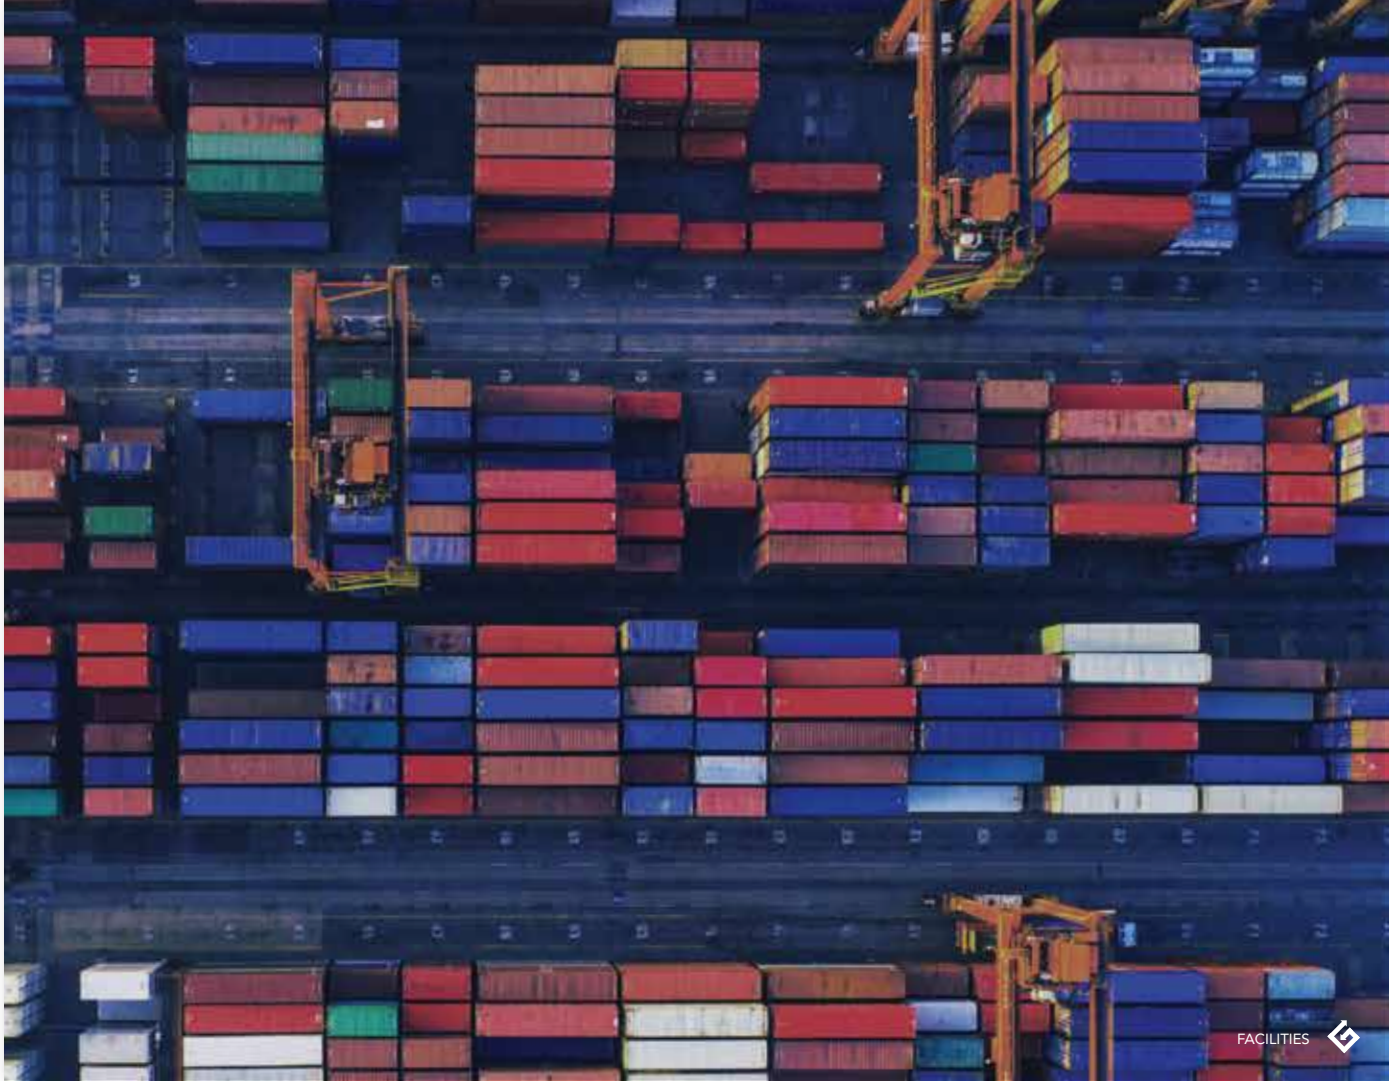

# KHALIFA INDUSTRIAL ZONE ABU DHABI (FREE ZONE)

---

KIZAD is intrinsically linked to Khalifa Port; one of the world's most advanced deep-sea ports and the region's first semi-automated port.

KIZAD empowers business with excellent access to markets through a world-class transportation infrastructure with multimodal connectivity by road, ports, rail and air networks. Khalifa Port Free Trade Zone (Khalifa Port FTZ) is most suitable for trade, logistics and manufacturing.

Gallega Global Logistics has therefore established the 3PL Logistics Hub in Kizad Free Trade Zone by acquiring 325,000 sqm of land with modern infrastructure consisting Covered Warehousing with storage options including racking, bins, shelving and bulk stacking & distribution Centre, an Open Yard Vehicle Storage facility, Vehicle Pre-Delivery & Accessory workshop to offer clients maintenance, repairs and modifications for vehicles.
